## JOSEPH McKIBBEN

**Killed Last Night By a C. and O. Train at Limestone Street**

Joseph McKibben, one of Maysville's best known citizens, was killed last night at 8:45 by being struck by the Maysville Accommodation opposite Limestone street.

Mr. H. M. Williams and the deceased were together sitting on the Eastbound track when the Maysville Accommodation passed up on the West track to the Turn-table.

On the return of the train Mr. Williams stepped clear of the track and out of danger. Mr. McKibben became confused by the glare of the headlight, and before he could recover himself the locomotive struck him and hurled him to the street below, killing him instantly.

Coroner Orr held an inquest with a verdict of accidental death.

Mr. McKibben was a native of Bracken county and was aged about 66 years. He belonged to one of the largest and most influential families in the county, his father being an Elder in the Presbyterian Church. He has been a resident of this city about twenty years, being a quiet, orderly citizen.

His brother, G. H. McKibben, of Augusta, arrived last night and his sister came in this morning from Lexington.

The remains were taken to Coughlin's undertaking establishment, and will be shipped this afternoon to Augusta for interment.

County Attorney Thomas D. Slattery was attending Court at Mayslick yesterday.

Hot! Well, yes. The temperature at 1 o'clock was 92° in the shade in Front street yesterday evening. This weather is even too strenuous for the street loafers; they are now seeking the willows and hillside shade.

I'm not much of a "weather sharp;" but I don't believe there is any immediate danger of the river freezing over.

At a meeting of American insurance managers in New York resolutions were unanimously adopted setting forth the position of the underwriters represented as regards the adjustment of liabilities in the San Francisco conflagration. The rulings adopted affect, it is claimed, not less than 75% of the insurance carried by American corporations, and explicitly deny liability for purely earthquake losses. This is a bit encouraging, anyway; it will not be necessary to quite double the rates in Maysville to recoup the losses in San Francisco.

"There was a time when Americans were apt to shrug their shoulders at the news of the latest Anarchist outrages in Europe and remark that such a thing would not be possible in free America. The tremendous egotism of Czolgos, who put his own mad hate above the expressed choice of six million American voters, made this attitude no longer possible. Since the assassination of McKinley, Americans have had more sympathy for the victims of Anarchistic outrages abroad than they felt before that time," says The Times-Star; and yet the American people, and the Congress which spent so much hot air in legislating against Anarchists, persistently refuse to adopt any adequate means to wipe out the assassins who infest Paterson, Baltimore, Chicago and New York.

THE Reform administration in Cincinnati, which has set out to close the saloons, on Monday last closed also the immense water tanks on Mt. Auburn, and that district was as dry as the Desert of Sahara. Several Detectives were sent out with search warrants to find out whose fault it was; but it is supposed they have joined the gang that robbed the Dover Postoffice, as they've never been heard from.

MARK SLATER, Supervisor of State Printing in Ohio, refused to turn over his office to his successor, J. W. JOHNSON, who was appointed by the Governor. He bases his refusal on two grounds:

First—That Mr. JOHNSON is not a practical printer as the Statute requires.

If this is true, the second ground is not necessary; but friends of JOHNSON say that he is a practical printer, "having published a newspaper for over twenty years and done everything in connection with setting type up." After such a recommendation as that—that Mr. JOHNSON has done everything connected with "setting type up"—Mr. SLATER ought to hand over the office stool and the composing-room towel. It's almost as good as the recommendation a proud father gave to me for his boy many years ago—"JIM is a good printer; he can set a gallon of type a day!"

A LIBERAL VIEW.

Youth's Companion.

It is a well known fact that parents occasionally get from the conversation of their offspring food for consideration, even suggestions for the revision of pet delusions.

Mrs. Brockett had issued orders to Reginald that he must not under any circumstances go over again to play with the Martin boys, lest he be corrupted.

"Aw, mamma!" protested Reginald. "I like 'em, and I don't learn anything bad from 'em."

"Well, I have told you you must not play with the Martin boys. I won't have you with them. I don't believe they are good boys."

"Now, look here, mamma," cried the youngster, with noble candor, "mebbe I ain't so awful good myself."

## River News

The gage marks 9.5 and falling.

The Henry M. Stanley is tonight's up-river packet.

The W. B. Calderwood took her tow of Kanawha coal through to Louisville.

There are 350 coal barges and 75 coal boats loaded in the Pittsburgh harbor ready for shipment.

The Jim Wood, Valiant, Sam Brown and Exporter, with twenty-two barges of coal each, are hooked up at Davis Island Dam and ready to leave as soon as there is water.

The river is falling again, and hope of coal-boatsmen, buoyed up for a short time by the prospect of a rainfall in the Upper Ohio, is again deferred. The decline is not alone local, but extends up the river to the headwaters. There has been a noticeable decline at Pittsburgh.

Captain Wes Comer, who is very ill at his home in New Albany, was one of the pilots on the Robert E. Lee when she ran her race with the Natchez from New Orleans to St. Louis.

Captain C. C. Fuller, Superintendent of the Louisville and Cincinnati Packet Company, celebrated his thirty-fourth anniversary in the service of the company. He began when a boy as messenger and clerk, and by industry and pluck worked himself up to his present responsible position.

There was a peculiar sort of action in law at Owensboro a few days ago. A number of mussel fishermen were there for the purpose of obtaining an injunction to prevent the steamboats from running in any place in the Ohio river except in the regular channel. The fishermen claim that the Pilots of the boats take particular pains to run down their mussel barges. Recently a fisherman fired a shot from a rifle at the Pilot of the steamer J. S.

At Rocky Fork, Mont., in the coal mines of the Northern Pacific Railway, eight men were killed by fire damp.

The Bureau of Insular Affairs of the War Department has received a cablegram from the Governor General at Manila authorizing the payment to the Secretary of War of \$8,507 as a donation from the people of the Philippine Islands to the San Francisco relief fund.

The Maysville Assembly entertained with a dance at Beechwood Park last evening in honor of the young ladies and gentlemen lately returned from boarding schools and colleges. It was a delightful occasion, as all such affairs are when given under the auspices of the Assembly.

The old plank crossings at Commerce and Third streets have been removed and will be replaced by crushed rock, put in by the C. and O. Railway Company. The steps leading up from the railroad to the pavement on the West side are in a dangerous condition, and it is now up to the city to complete the improvement.

Policeman John Bradford rounded up an East End colored gentleman Thursday night, whose suspicious actions were the cause of several peaceful denizens in that end of the town losing several hours sleep. When collared he was lying in the weeds watching a certain house. At first he refused to give an account of himself, but when headed for jail he informed the officer that his wife was not treating him right, and doubting her fidelity he was watching to see what he could see. Being known to Mr. Bradford as an honest working man, and standing well with white citizens, he was let go.

## LEFT HIS GRIP

After Tendering a Check in Payment For His Breakfast

A stranger having the appearance of a rural dweller entered the Manhattan Restaurant Monday morning and sitting down a well-filled grip, called for his breakfast.

After putting himself on the outside of one of Proprietor Dunn's substantial and well-prepared meals, he arose from his seat and tendered a check in payment.

Mr. Dunn not being in the banking business, and being somewhat leery in the matter of separating himself from good coin for perhaps worthless paper, refused to make the exchange.

He informed the check pusher that the Banks would open at 9 o'clock and he could get the currency there, which he said he would do, and in the meantime he would leave his grip as security for his meal.

He disappeared and has not been since seen. The grip is worth several times the price of the meal and his not returning and liquidating his debt and receiving his property can only be accounted for on the hypothesis that the check was spurious and he is afraid to call for the grip.

Mrs. Dan Daly of Limestone street was taken violently ill yesterday morning from the effects of the severe heat.

There are many causes of nervousness, but poor blood heads the list. The doctors call it anemia. The blood lacks red corpuscles. ### FOXPORT.

Northfork was on a rampage last Friday evening.  
Dr. Walter W. Fugitt is confined to his room with the fever.  
Mrs. Julia Million is improving from a serious spell of lung trouble.  
Misses Laura, Maggie and Parma Carpenter visited relatives at Trinity last week.  
Charlie Lawrence, wife and little son of Mason county were visiting relatives here recently.  
Miss Olive Poynter is the proud possessor of a new organ presented by her father, William Poynter.  
Mrs. Florence Judd of Rectorville was here attending the burial of her aunt, Mrs. Swim, recently.  
The recent local showers have given the farmers new courage and they are now busy setting tobacco.

We regret to learn of the death of Mrs. Hattie Tully of Cottageville. Mr. Tully has many relatives at this place.  
Miss Ethel Doyle, who has been quite poorly with malarial fever, we are glad to report, is lots improved at this writing.  
Mr. and Mrs. James Poynter were called to Woodford county on the 23d by the serious illness of their son, Cleveland, who died in Lexington in a hospital on the 24th, undergoing an operation for appendicitis. His remains were brought to this place and laid to rest in their lot in the Martin Cemetery on the 26th. Cleveland was a bright young man, aged about 23 years. On November 8th, 1905, he and Miss Rosalie Million were married, and on Sunday, February 18th, 1906, they joined the Christian Church. On the 26th of February they went to Versailles, where they had lived ever since. The entire community extends their sympathy to the bereaved young bride, and his father's family. He was only ill twenty-four hours.

### FEARIS.

Farmers set many acres of tobacco last week. Prock Mower is building a new tent on the Campground.  
J. E. Kennedy is improved, and he can carry the mail again. He had a badly sprained ankle.  
The G. A. R. Post here has set August 23d, 24th and 25th for the annual G. A. R. reunion. Henry Edmons of Hamilton, O., is visiting relatives in the West End of the state of Lewis.  
R. C. McKell and W. H. Garrett of Manchester attended the G. A. R. meeting here Saturday.  
The subscription list to build a pike from McKenzie to East Fork Cemetery is meeting with success.  
Mr. J. W. Fearis, Jr., egg and poultry dealer, will sell out and move to the city and go into other business.  
Rev. Sturgell preached his last time here Sunday evening. Said he was looking for a transferee to Illinois Conference.  
James L. Cox returned Saturday from Catlettsburg, where he attended a session of the United States Court on the Petit Jury.  
The Quartermaster of Croxton Post is a special committee to write and invite the orators, from Maine to California, to the G. A. R. reunion.  
Croxton Post has indorsed Comrade Thomas A. Davis for United States Pension Agent at Louisville. We hope he may receive the appointment.  
The whirligig of time has brought us another Memorial Day—now passed, and another now coming on—alas, too swift for the old soldiers to observe and perpetuate the valor of their Comrades many more years. When future generations inquire, why these long rows of stones, the answer will come from every citizen of the Republic, the young and old. "These are the graves of the heroes who gave up their lives to preserve the Government founded by Washington, who defended the Union, who upheld the Starry Flag, the emblem of our liberties." It is both fitting and proper that these Memorial

Exercises be conducted by our Comrades of the Grand Army of the Republic and that the people join in the services. We do not honor "the lost cause." It should never be recalled in praise. For the men who fought in that cause we cherish neither harsh nor unkind feelings and of course no words of reproach. In the Civil Wars of the Roman Empire the mailed veterans of Pompey against those of Caesar and of Anthony and Brutus against Octavius were not fighting to dismember the Empire. It was a struggle between them as to which could do the most for the glory of the whole Roman power. So in England, in more modern times, their contests were not to destroy the Kingdom, but each side struggling to control the whole as one united country. Not so in the Rebellion of 1861 to 1865. Those who fought against us sought to dismember the Republic, to destroy the Union of our fathers and blot out our name from among the Nations of the earth. This is history. The men who led, and the soldiers who followed them in the attack on our Flag, have conceded that fact. We cannot, or ought not, allow any citizenship in this country other than citizenship of the United States.

### ONLY ONE LEFT!

George W. Tudor Sole Survivor of  
City Council of 1868

Colonel R. R. Maltby of Washington sends a copy of The Maysville Republican of February 29th, 1868, printed by The Ledger Man, which contains a list of the City Councilmen, as follows—  
President—Robert A. Cochran.  
First Ward—John P. Phister, George W. Tudor, W. W. Pike.  
Second Ward—Thomas Jackson, John A. Loughridge, Thomas K. Berry.  
Third Ward—John M. Stockton, James H. Rains, Robert A. Cochran.  
Fourth Ward—Lewis H. Long, Charles B. Pearce, William S. Bridges.  
Fifth Ward—William Ireland, E. C. Smith, James H. Hall.  
The Colonel asks, "How many are living?" and the answer is—  
One only—the venerable Captain George W. Tudor.  
And, come to think of it, they were a very representative body of men.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.  
Address F. J. CHENEY & CO., Toledo, O.

The reason that cats dislike water is because there is nothing oily about their fur. Consequently it is easily wetted and does not dry quickly.

### STOPS ANY ITCHING.

Doan's Ointment Cures Eczema and Itching Piles. Maysville People Recommend It.

One application of Doan's Ointment stops any itching. Short treatment cures eczema, itching piles, salt rheum—any skin eruption or skin itching. It is the cheapest remedy to use, because so little of it is required to bring relief and a cure. Here is Maysville testimony to prove it.

Mrs. Kate Poth, living at the corner of Clark street and Forest avenue, Maysville, Ky., says: "I gave a statement about Doan's Ointment which was published in our Maysville papers. I said that I had received most decided benefit from the use of this remedy, procured at J. Jas. Wood & Son's Drugstore. For a long time I had an itching or eczema of the scalp. It broke out in spots, and sometimes the spots would appear on my forehead and temples. The itching was particularly troublesome just before a rain, and was then so intense that I could not sleep at night. It required only a short use of Doan's Ointment to cure the trouble, and the cure has been lasting for the past five years. There has never been even an indication of a recurrence. A friend of mine also had eczema and tried everything for it but never found anything to remove the annoyance. On my recommendation she used Doan's Ointment, and was absolutely cured."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.  
Remember the name—Doan's—and take no substitute.

London pawnbrokers are frequently asked to take strange things in pawn. The other day a Holborn pawnbroker lent \$100 on a fine horse, which one of his daughters rode until it was redeemed. The same pawnbroker once took in pledge a medical chest of poisons that was strong enough to kill 10,000 men. It was, however, a valuable deposit, as some of the poisons were very rare. A Kensington (England) pawnbroker, about three weeks ago, lent a sum of money on a number of autographs of dead celebrities.
